SUMMARY

Frontend-focused React + Next.js developer with hands-on experience delivering 30+ international client projects with consistent 5-star ratings. Skilled in performance-oriented UI development, scalable web architectures, and API integrations.

EXPERIENCE

Web Developer — Fiverr | 2022–2025

- Delivered 30+ custom web projects for clients in the US, UK, and Israel.
 - Developed responsive UIs using React & Next.js, improving performance by ~40%.
 - Built serverless features using AWS Lambda, API Gateway, S3, and CloudFront.
 - Automated data workflows reduce manual workload by ~70%.
 - Created dashboards and real-time analytics systems with modern frontend engineering.
-

CLIENT REVIEWS

@rinconfnunes — United Kingdom | Fiverr Score: 5.0

“Pranav is a great freelancer to work with. He supported me with a Lambda solution and resolved problems promptly. I’ll surely work with him again.”

@bolinger — Israel | Fiverr Score: 5.0

“Pranav did a very good job helping me with another project. Highly recommended. I always work with him again when needed.”

PROJECTS

Next.js Performance Dashboard

Optimized UI with faster load times and serverless integrations (~40% improvement).

Audibo – Speech Emotion Detector

Frontend interface for an ML emotion recognition system achieving ~85% accuracy.

What The Fun – NSFW Classifier UI

Web UI for inappropriate-content detection using NLP classification.
